

The statistics and numbers prove it... early January is the absolute **BEST TIME OF THE YEAR** to exhibit at a Home Show. Booth sales are already filling up. If you wait too late into the year, we will be sold out.

- First hour attendees get in for **FREE**
- **FREE** parking
- And **MOST IMPORTANTLY** ... it's the very first Home Show of the year. After the holidays, attendees are **MOST LIKELY** to initiate new home projects. In addition, they are far **LESS LIKELY** to attend the later shows in the Spring
